CONNECTION

UC RIVERSIDE

¡SI SE PUEDE! WITH PUENTE

For more than 30 years, the Puente Project has improved the college-going rate of thousands of California's educationally underrepresented students. The program is interdisciplinary with writing, counseling and mentoring components. It helps students:

- ◆ *Enroll in four-year colleges and universities.*
- ◆ *Earn college degrees.*
- ◆ *Return to their communities as mentors and leaders for future generations.*

The Puente Project is represented at UC Riverside via the student organization, Puente Connection. Participants, or "Puentistas," are given opportunities to connect with the campus community and build leadership skills.

Puente Connection is the first of its kind in the UC system and provides continual support to Puentistas who enroll at UCR.

Puente Connection is free, open to all students and serves as a resource to help participants reach their academic and professional goals!

BUILDING A BRIDGE BETWEEN YOU AND YOUR FUTURE

GG *The reading assignments in Puente spoke to my experience as a first-generation high school graduate and college student. Little did I know that the rigorous grading and reading assignments were laying the foundation for my career as a college professor!* **GG**

UCRP had taught me to be a better person, student and leader. As a Puentista, I am proud of where I come from and what I have to offer. GG

UC RIVERSIDE AND PUENTE PROJECT PARTNERSHIP

In 2007, UCR Undergraduate Admissions teamed up with Puente Project to help transfer students find their path to attain their educational goals and become leaders in their communities. We believe that all students have leadership potential and can be successful if given the opportunity to:

- ◆ *Explore their individuality.*
- ◆ *Affirm their cultural capital.*
- ◆ *Develop their diverse political views.*

Puente Connection is that opportunity. And now you, too, can benefit from all that it and UCR have to offer!
