**Innovative Research**

**Get the Competitive Edge with Undergraduate Research**

UCR is one of a few universities to offer research opportunities to all undergrads! This advantage catapults you to the “top of the list” for jobs and/or graduate school. Current CHASS research includes:

- Exploring the “double coming-out” experience for queer-undocumented immigrants
- Examining eye gazing patterns in children who face anxiety
- Awakening the “sleeping” language of a Native American tribe – thanks to a $150,000 grant from the National Science Foundation!

---

**High-Profile Companies Hire CHASS Graduates**

CHASS graduates go on to write international bestselling novels, create Thai royal music, receive honors as dance professors and choreographers, mentor youths and so much more!

---

**1ST**

UC campus to offer a Native American History PhD.

---

**2 Pulitzer Prize Winners**

and a U.S. Poet Laureate (Juan Felipe Herrera) graduated from CHASS!

---

**Research Centers**

to investigate current and historical issues and ideas.

Success Programs

Every program is designed to help you succeed – from the moment you first step on campus to the day you graduate.

CHASS F1RST: First-Year Experience Programs

( Mandatory for first-year students)

CHASS F1RST’s Learning Communities guarantee courses and credit. Enrollment is automatic depending on your major.

Fall Transitions
(Fall quarter course for all majors, except Undeclared and Pre-Business)
Enjoy major-specific learning communities to help you succeed at UCR. Gain access to highly desirable, large-lecture courses, such as Psychology, Anthropology, Art and more. Discuss material in small groups.

Pre-Business PATH
(A yearlong version of Fall Transitions for Pre-Business majors)
Get to know other business-oriented classmates. Develop the necessary skills and networks to be successful in business. Take part in a 2-unit workshop taught by peer mentors.

CHASS Connect
(A yearlong version of Fall Transitions for all majors, except Undeclared and Pre-Business)
Boost academic success and social enrichment in this national award-winning program. Take one of two yearlong “sequences” (courses): Bodies of Knowledge (a look into information sources) or Democratic Illusions (a look into the inherent instability of democracies). Engage with faculty, advisors and peer mentors.

Exploratory Scholars
(For Undeclared majors)
Explore a variety of disciplines with courses in Psychology, Media & Cultural Studies, Anthropology, Ethnic Studies and Sociology. Includes a 2-unit student success workshop led by an academic advisor and peer mentors. Build time management and study skills, learn about career options and find out what requirements are needed for graduation.

Transfer Outreach Program (TOP)
(For incoming transfer students)
Learn about essential resources for academic/professional goals. Connect with peer mentors and attend TOP workshops.

CHASS Undeclared Program

Work with an academic advisor to declare a major. This 2-year program allows you explore courses within CHASS’ 55+ majors. Majors are declared once 90 units are achieved.

Undergraduate Research

Putting Research in Your Hands
Explore an extraordinary range of research opportunities from labs and performances to translations and economic policy and political analysis. Each CHASS department will help you find the right fit for your academic and professional goals!

HASS 001 Workshop: Step-by-Step to College Success
(For incoming transfer students)
Take a 2-unit fall lecture course taught by faculty. Discussion sections led by peer mentors (current transfer students). Topics are specific to the needs of transfer students, including:
- Third- and fourth-year academic plans
- Student success skills (critical thinking, study, writing and communication)
- Undergraduate research opportunities
- Internships and study abroad opportunities
- How becoming a campus leader applies to real life
- Graduate school preparation
- Career-planning resources and services

HASS 001 = A HIGHER GPA
Transfer students who took HASS 001 had significantly higher GPAs during their first year than those who did not.
