Friendly and Fun Professors
People at UCR are nice, especially the professors. If you have questions, they are very attentive and will answer quickly. I am looking forward to the English class because the professor is really, really fun. He knows a lot, and I have this feeling that his lectures will not be boring!

Helpful Advisors
My advisor is really patient. He helped me get into Summer Sessions, which gave me a head start on my classes.

Enjoying New Experiences
I am excited about the new experiences at UCR. I was looking for something to do outside my studies, which was my purpose for seeking an education abroad. I found an opportunity that was related to what I am studying. I volunteer at a microbiology lab for the Citrus Clonal Protection Program.

Exploring Southern California
I went on the Santa Monica trip, which is organized by the International Students and Scholars (ISS) office. It was a great opportunity to get to know other international students from Canada, Holland, China, India, Bangladesh — basically people from all over the world!
