WELCOME TO THE HIGHLANDER FAMILY!

PARENT AND GUARDIAN INFORMATION 2016
Congratulations and Welcome!

Your student was recently accepted at UC Riverside and is now part of the Highlander family. So are you! This booklet provides resources and answers to some frequently asked questions that may be of interest to you.

This year we received more than 50,000 applications and can only accept a fraction of those students. The fact that your student was accepted speaks to their accomplishments and potential, and to the encouragement and support they have received from you along the way.

The next step is for your student to submit the Statement of Intent to Register (SIR) through their my.UCR.edu account by May 1 for freshmen or June 1 for transfer students. After that, we will provide more details on your student’s future here! For now, this booklet is a good start to discover more about UCR and how we help your student succeed.

I hope to see you and your student here at our next Highlander Orientation in the summer to welcome you in person. If you have additional questions, please reach out to us directly at 951.827.3411 or email admission@ucr.edu.

Why UC Riverside?
There are many reasons why more than 22,000 students attend UCR each year. We are part of the prestigious University of California system, and are known for our impressive rankings, cutting-edge research, diverse student body, and easy access to everything Southern California offers. Find many more reasons “why” online at admissions.ucr.edu/whyUCR.

How do I know that my student is safe on campus?
UCR has many safety measures on campus, including the Point-to-Point Shuttle Service that takes students anywhere within a three-mile radius outside of campus, and a campus safety escort service. We also have a sophisticated emergency notification system and our own police department (UCPD) with sworn State Police Officers on and around campus 24 hours a day, 365 days a year. Many campus housing communities are access-controlled. Emergency “blue phones” are located throughout campus and within our housing communities.

Do you have housing and dining options on campus?
Yes. On campus Residence Hall housing is available for single freshmen, and includes a dining plan that gives access to Residence Hall restaurants as well as to the many other dining options on campus. For transfer students, upperclassmen, and students with families, we offer six unique UCR Campus Apartment communities and Family Housing. Find out more at housing.ucr.edu and dining.ucr.edu – and come for a visit!
Does my student need to have a car?
No. Classes, shops, and dining are within walking distance of the university, and students have several options for distant locations, including taking the bus (students ride free on Riverside Transit Agency busses by showing their R’Card), Metrolink (just minutes away), the Zip Car rental service, or asking friends with cars for rides. Go to parking.ucr.edu for more information. Anyone parking a car on campus needs to have a parking pass.

Will my student get the classes they need to graduate in four years?
After attending orientation, students will leave with a full set of classes to take that will count toward their degree. UCR encourages students to pursue a degree within four years. It’s important for students to keep in contact with their academic advisors to make sure that they are on track with their academic classes. finishinfour.ucr.edu

Is UCR affordable?
Yes! We are a “Top Ten Best Bang for Your Buck” school (Washington Monthly, 2014), and offer abundant resources/scholarships to help your student pay for college depending on their finances and need. Through FAFSA (fafsa.ed.gov), they can apply for most aid with just one application. Meeting deadlines is important, so students should reach out to financial aid advisors with any questions about the application process. For more information, go to scholarships.ucr.edu.

Will my student have things to do around campus?
There is always something going on at UCR! Students enjoy events such as UCR’s three major concerts throughout the year (one per quarter), workshops, concerts, athletic events, theatre productions, speakers, celebrations, service opportunities, more than 400 student organizations, and 40 fraternities and sororities. To find out what’s going on each week, go to rside.ucr.edu and highlanderlink.ucr.edu.
How can I help my student be successful at UCR?

Encourage your student to get involved and use the many resources available on campus, such as the Academic Resource Center, academic programs designed especially for first year students, library workshops, ethnic and gender programs, and special academic support programs within our Residence Halls. Your continued support and encouragement is also one of the biggest factors for success.

What medical resources are available for my student?

UCR’s Student Health Services (SHS) is a full doctor’s office and pharmacy on campus where students can go for checkups, medical visits, and prescriptions. Students also have access to a dentist and optometrist. All students are required to have health insurance, whether it’s UCR’s medical insurance (“SHIP”) or their own private insurance. All students can use SHS, but the only insurance accepted there is SHIP; students with private insurance pay out of pocket for services. We also have an on-campus Counseling and Psychological Services (CAPS) office that is free to students who are currently enrolled at UCR and have paid registration fees.

Is my student required to have a laptop?

Students in the Bourns College of Engineering (BCOE) have a laptop requirement, with specifications listed at student.engr.ucr.edu/laptop.html. Otherwise, students are not required to have a laptop, but it is recommended. They can check out laptops through the HUB by using their R’Card (their UCR ID card), and can use the many computer labs available within various campus buildings and housing areas. Students also have access to printers.

In fact, 83% of our undergraduate students receive financial aid. Of those students, 70% have all of their system-wide fees covered with scholarships and grants.

**HELPFUL NUMBERS & WEBSITES**
Next Steps and Deadlines

Admission to UC Riverside is highly competitive so it is important that your student submits their **Statement of Intent to Register (SIR)** on time and continues to meet all necessary deadlines.

Your student needs to create a **MyUCR account** online at [my.UCR.edu](http://my.UCR.edu) if they don’t already have one. Now that your student is admitted, this is the “go to” place for all communication from UCR – including important dates and deadlines.

---

**SAY YES TO UCR!**

**SIR DEADLINE:**

**MAY 1** *(freshmen)*

**JUNE 1** *(transfer students)*

**go.ucr.edu/admit**

Your student chose wisely when applying to UC Riverside. Their next step is to submit their **Statement of Intent to Register (SIR)** at [go.ucr.edu/admit](http://go.ucr.edu/admit) by the date listed on their MyUCR account and keep track of important dates and deadlines.

---

Check the status of financial aid and reserve housing.

If your student applied for Financial Aid, they need to check their status at their MyUCR account where they can also reserve their on-campus housing.

*We look forward to having you and your student as part of the Highlander family and to seeing you on campus soon!*
