WHY I CHOSE UCR

I knew that the place to be, and UCR is one of the biggest up and coming universities of the last few years. I grew up in California and the top four schools come here, and I don't regret the decision to attend this fine institution.

MY FAVOURITE UCR EXPERIENCE SO FAR

My favorite UCR experience so far may not seem like one at all! It was the International job fair. I learned that the university has connections with many major companies and that it is not afraid to help students find internships and jobs.

THINGS TO DO IN SOUTHERN CALIFORNIA

Fun in the Sun

There’s so much to do – you can go every day and never do the same thing twice! I have been dirt bike riding in Palm Springs, jet skiing in San Diego, and hiking up to the Hollywood sign in LA. I’ve seen every type of nature and culture blend together and enjoy all the extracurricular activities and cultures here.

Endless fun in Southern California

Riverside is incredibly lively. It has little festivals all the time, like the Dickens Festival and the Festival of Lights. There’s always a place to be. The university here, and I don’t regret the decision to attend this fine institution.
